Other newsletters

By kind permission of IBSA, copies of their newsletters are sent to SABG members by email.

(For those of you in South Africa and other places in the southern hemisphere, the seasonal dates shown in some cases refer to the northern hemisphere seasons, where Spring is around March/April and Autumn (Fall) is around September/October.)

//The newsletters were originally prepared as Microsoft Word (DOC) files using Mirosoft Office Word, or more recently as Open Document Text Format (ODT) documents using Libre Office. If you need these versions, please let me know.

Some issues (16-21) show the name of the Group incorrectly as “The South African Bulb Group”. //
